

Salt River Community Children's Foundation

Community Child and Youth Programs and Services

Grant Application

Introduction

The Salt River Community Children's Foundation (SRCCF) was created in February 2003 by the Salt River Pima-Indian Community (SRP-MIC) Council. Over the last several years, the SRCCF has been raising funds to support, improve and expand services for the children and youth of the SRP-MIC.

The SRCCF invites organizations (grassroots and/or formal) and other service providers to review this application and submit an application to bring new opportunities to the Community's children and youth, building the next generation of leaders.

History and Background Information

With nearly half of the population of the Salt River Pima-Maricopa Indian Community under the age of 18, the needs of children and youth are clearly a priority for the Community. Many Community youth grow up in loving and secure families, but others do not.

Believing that all children and youth deserve to have the support of their Community, on February 19, 2003, the Community Council created the Salt River Community Children's Foundation. The non-profit, charitable division of the Salt River Pima-Maricopa Indian Community makes contributions to tax-exempt organizations that provide assistance or preventative programs and services for Community children and youth. The Foundation supports organizations that qualify under Section 7871 (a) (1) (A, B, & C) or under Section 501 (C) (3) of the Internal Revenue Code.

The Children's Foundation receives private and public contributions and depends upon the donations received from events, including an annual golf tournament at Talking Stick Golf Club, tribal employee payroll deductions, and the generous support of private individuals, businesses and corporations.

Who is eligible to apply for these funds?

Grant projects are designed to enhance SRP-MIC youth and children programs and services. Grant applications must meet the following criteria:

1. Services/programs must launch, expand or support youth/child activities for enrolled Community Members of the Salt River Pima-Maricopa Indian Community.
2. Primarily address the further engagement of youth/children in a service or program to extend their interest in arts/cultural, health/health related activities including sports, educational enrichment and/or serving the needs of children/youth with special needs.
3. Programs/projects must occur within 12 months after application approval.
